Spring 2024 Edition

We've been baking the highest quality ice cream cones since 1918 and are now the largest cone company in the world!

Joy Cone Company produces a wide range of ice cream cones for the food service operator. We offer [Cake Cones](#), [Sugar Cones](#), [Waffle Cones and Bowls](#). We also offer a number of [New](#) and Unique Items for the ice cream operator.

Our cones are sold to distributors throughout the United States and Canada. Whenever possible we use our fleet of air-ride suspension trucks to deliver the product to your distributor, which insures that the cones arrive in good shape. Where we do not use our own fleet, we try to contract carriers to insure proper handling of your cones.

We also ship our cones around the world.

LYONS

Serve Desserts with Finer Flavor

Lyons Fountain Syrups and Toppings have been made with the same commitment for nearly a century and a half, commitment to use the finest ingredients and the most advanced processing techniques to deliver superior products. That's why our motto has been "For Finer Flavor" since our beginning in 1852.

The result is a broad selection of fountain syrups and toppings with unsurpassed quality - a guarantee that your desserts will have palate - pleasing appeal. If great flavor is what you are looking for - rich, creamy hot fudge for a signature dessert, bold chocolate flavor for a premium shake, or the crunchy sweetness of a pineapple for your banana split - Lyons has the product to **meet your needs**.

Add value and variety to your dessert

Lyons **Sundae Toppings** - from traditional favorites such as Strawberry or Caramel to specialty toppings like Creme De Menthe or Mixed Berry.

Lyons **Fruit Toppings** have unsurpassed fruit flavors and eye-appeal. Hand picked fruits, some of which are grown in our own fields and orchards, provide farm - fresh flavors and colors.

Lyons has one of the broadest assortments of specialty toppings in the industry - menu variety is never a problem.

Butterscotch and **Caramel Toppings** are still created just as they have been for over a century - with old fashioned "scotching" and "caramelizing" of premium ingredients.
